EDUCATION

B.tech

VIT Bhopal,Bhopal

CGPA-7.62/10

SEPTEMBER 2023-Present

SHRI BALAJI PUBLIC SCHOOL,Jabalpur

Class XIIth CGPA(7.8/10)

MARCH 2022

TECHNICAL SKILLS

Languages:Python,C++,SQL,Java

Databases:SQL(MySQL)

Hardware & IoT:Arduino,ESP32 ,IoT

Developer Tools:VS Code,Android Studio

Cloud and Technology:AWS(EC2,S3,Lightsail),Git

CERTIFICATES

Fundamentals of AI-Vityarthi(2023)

Python Essentials -Vityarthi(2024)

MATLAB Onramp-MathWorks(2024)

JAVA Fundamentals-Vityarthi(2024)

PROJECTS

WISE TIMER | C++, ESP32

- Engineered an automated power-saving timer using an ESP32 microcontroller and an RTC module to manage device power cycles.
- Developed C++ firmware to handle precise scheduling, interfacing with the RTC to ensure accurate on/off timing.

D-Lock: IoT & VLC Secure Lock System | Java, Android Studio, IoT

- Developed a secure, cost-effective IoT door lock system featuring a mobile application for remote access and control.
- Implemented a novel authentication layer using Visual Light Communication (VLC) from the phone screen to the lock for enhanced, offline security.

EXTRA-CURRICULAR ACTIVITIES

Volunteer Member - PRAKIRTI MITRA(NGO) October 2024 - Present

Contributed to an environmental restoration project by planting 250+ trees to help reforest a 150-acre region.

Design team Co-lead-iCreate-Club

September 2024-Present

Core Member of ELECTRIC-VEHICLE CLUB

October 2024-Present
